April 18, 2018

To Whom It May Concern,

It is my pleasure to write a letter in support of Sofia Chavez Hilton. I have collaborated with Sofia over several years where she has provide lectures to the pharmacy students within the University of Colorado Skaggs School of Pharmacy & Pharmaceutical Sciences curriculum in the Integrative Health and Medicine Elective.

Sofia demonstrate a unique balance, possessing a strong knowledge in her diverse background balanced with her charismatic presentation style and personality. The student feedback and evaluations of Sofia's lectures are always very positive, noting her ability to communicate and expose students to Indigenous Medicine. I strongly recommend collaboration with Sofia, as I believe she has much to bring to the community and have always found her to be a pleasure to work with.

Sincerely,

**Monika Nuffer, PharmD**
